## Melrose-Wakefield Trust to Open Friday

The official "ribbon cutting" opening of the newest office of the Melrose-Wakefield Trust Company will take place tomorrow morning as the bank's new temporary trailer-bank opens for business at Lucci's Shopping Center on Rt. 129, Wilmington.

Melrose-Wakefield Trust Company president Robert L. Ramsdell will be on hand with his new staff Friday to welcome old friends and new to the fully equipped branch office.

Mr. Ramsdell was himself a resident of Wilmington for many years.

The trailer bank will display four teller facilities plus a walk-up window which will stay open until 5:00 p.m. daily. It will feature a night depository and manager's office and offer the full range of commercial banking services. Construction for the permanent office building will commence as soon as weather conditions permit.

This newest branch is the fifth office to be opened, others being operating in Melrose and Wakefield. The Trust Company with over 116 years banking experience behind it maintains its headquarters in Wakefield. In 1970 its assets totaled nearly \$39,000,000. The bank is a member of the 100 plus Shawmut Association Banks, and features a policy of big bank servicing on a local

small bank level.

Mr. Ramsdell expressed great delight with the opening of the new bank. "Coming to Wilmington is like coming home again," he said. "We're looking forward to renewing acquaintances and to offering our bank's personal services to our Wilmington neighbors."

The new trailer will be open from 8:30 to 2:30 daily (with the walk-up window open until 5:00 p.m.) and on Friday evening from 6:30 to 8:00 p.m. A special new feature of the Wilmington branch will be the Saturday hours from 8:30 to Noon.

## Apartments Possible

The possibility that the Town Meeting may be able to vote for a limited amount of apartment housing in Wilmington emerged from the Planning Board meeting of Tuesday evening. The Planning Board and Attorney Joseph F. Courtney came to a basic understanding of the by-law that should be adopted, which would allow the construction, after approval, of apartments on a Woburn Street site. 101 apartments are proposed on the site.

Informally, there is an agreement whereby Mr. Courtney will write, as an attorney, the amendments on which he and the Planning Board agreed, Tuesday evening, and present those amendments to the Town Meeting. If agreeable to the Planning Board, at that time they can then be adopted.

Every proposal of the Planning Board which could be legally accepted by Courtney, on Tuesday was accepted, and will be incorporated in the amendments.

One important feature will be that the Town Meeting will have the final say on all sites to be proposed for Apartment Housing.

## THANK YOU!

To the voters of the Town of Wilmington, I wish to express my most humble thanks for the vote of confidence accorded me in last Saturday's election. I would also like to take this opportunity to remind all voters, including registered 19 and 20 year olds, to attend and participate in our Annual Town Meeting on Saturday, March 13, 1971, 1:30 p.m., at the High School Gymnasium.

Sincerely,

**John M. Callan,**  
Town Moderator

## HE WAS A PHONY

Nicholas Popoff, Chief Fire Marshall of Bucharest, Romania, the speaker at the Rotary luncheon yesterday, turned out to be a phony.

The Rotarians had been led to believe that Mr. Popoff had succeeded in crossing the Iron Curtain, and that he would tell the story of life in Romania, as he had experienced it.

It was an interesting story funny at times, with a very intriguing accent. At the close of the talk Mr. Weinstein (true name assumed his natural accent and spoke in good old US of A English.

**WHO HID THE GUN?** John DeRose and Louis Theriault discovered an old shot gun, yesterday morning, in the Bender building on Main Street.

They were tearing down plaster, on the third floor, preparing to make changes and found the gun in a hidden cubby hole. It is an 1885 model, single shot, breech loading shotgun, of 20 gauge. The name L. MATZ is on the stock, in several places.

The Bender Building, formerly the home of Mr. and Mrs. Wilbur Staveley, dates back to about 1810, and was, during the nineteenth century, the home of several members of the Buck family.

At left is Lloyd Bender, owner of the building. John DeRose is holding the gun, and Louis Theriault is at right.

## Don't Hit the Panic Button

The Finance Committee statement of an expected \$50 tax rate is liable to produce some rough going, in the Town Meeting Saturday.

The voters should not hit the Panic Button. No one is able to predict the tax rate at this time, for two reasons, and the Finance Committee's figure can best be described as "conservative".

The changing state tax situation makes it impossible for the communities to predict the state's share in any local tax picture. The Legislature is playing a Now You See It - Now You Don't game with the 1971 tax bills.

In addition there is a question about litigation with the Reading Municipal Light; over taxes, in Wilmington and North Reading, and \$100,000 or something like it, has been set aside pending the adjudication. When that case is settled, well the Town Counsel or the Principal Assessor may explain the details, in the Town Meeting, if asked. Meanwhile, Don't Hit the Panic Button.

### Article 8

Take Article 8, for instance. It is to acquire land for Conservation purposes. The intention is good.

The land is on both sides of Lubbers Brook, "in back of" the Glen Road School. The Finance Committee says No, because back in 1916 some engineer called Lubbers Brook by the name of Maple Meadow Brook.

That error doesn't mean a thing. The error was made in Massachusetts Land Court proceedings, and when that court guarantees a title, it is so, even though there was an error in the name of the brook.

But what should worry the voter isn't mentioned - an old cranberry bog, dating back over 100 years. How much will it cost to buy a cranberry bog?

Cranberry bogs, twenty years ago, were producing \$1000 an acre for their owners each year. What they produce today isn't known by this column, but it is undoubtedly more.

If the owners of the Winn Cranberry Bog are still growing cranberries commercially and the town takes that business by eminent domain it could prove very costly. At \$1000 an acre/year, a four acre bog would be worth \$4,000 a year, and in twenty years (the figure which could be used by the court) this would be \$80,000 - and that's using 1950 figures.

If the town doesn't take the cranberry bog - what difference does it make? No one is going to build houses. The brook will still be there. The town would probably do best to pass over the article - and let Conservation start somewhere else, where the penalties might not be so great.

### Will You Be Too LATE!

Insurance only partially covered the record fire losses that occurred last year. Don't let it happen to you in '71.

Every year the cost of replacing property goes up and it's just good business to keep your insurance up to value. It's good business to check with us, too.

Bedell Brothers Insurance Agency, Inc.  
402 Main St. 658-9116 Wilmington, Mass.

### Article 11

To acquire land for the Woburn Street Bypass, from the vicinity of Eames Street to Lowell Street, easterly of Lucci's.

The Town Engineer is trying to have the "taking" done in such a way as to leave no "dangling" lots of land. Others want the new road, when it is built, to be "no access", so that houses cannot be built nor roads come in to the proposed street.

Is this smart? Some of the proposed taking is big enough for a house lot or two.

### Articles 19 and 20

The intention is good, even though it has raised the hair on the back of a few necks. With a Youth Commission the town can acquire certain benefits, financially.

Perhaps Ken Zucker, the Recreation Director, can speak on this one. He is doing a pretty good job.

### Article 21

The Town Crier has a joke that house lots in Wilmington are either 100 by 100 by three feet of water, or 100 by 100 by ten feet of rock.

If they were down in the area that is covered by this article they would be 100 by 100 by twenty feet of rock.

This is a hill, in South Wilmington, southerly of the Town Dump, which gravel operators stripped at the time that Route 128 was widened. They owned a few lots of the land, and they stripped the gravel off everything, including town owned land, of which there was quite a bit. Now there is nothing but rock left, high hilly rock.

It might be a good idea to acquire the land, but there is a real question raised when the words sanitary land-fill is introduced.

Wilmington's dump is northerly from this area, a sanitary land-fill operation. It can be described as a family operation, being run by a man and his sons. The cost, formerly, was \$24,000 a year. Now the bill, this column understands, is to be \$50,000 a year.

The No Burning law is responsible. The materials being brought to the dump in the past year have more than doubled in volume.

\$50,000 might sound high - but could the town operate a municipal dump for \$100,000? This column thinks not - not with unions, etc., instead of a family operation.

Ceiling tile is the cure-all solution to ceilings that are in bad shape or very unattractive. A tile ceiling also gives a room a smart, contemporary look.

If you're fairly handy, install it yourself. Although few tools are required, a heavy-duty stapler is a must. Start by nailing 1 x 2 inch wood furring strips at right angles to the ceiling joists. Space them on 12 inch centers for 12 x 12 inch tiles, so all the tile joints will occur over the strips. Then staple the tiles to the strips, keeping them lined up properly.

It takes planning to make it all come out right, but instructions included with the tile will guide you.

**Letter**

Dear Mr. Neilson:

Over the past few months, many voices have been heard to say "We need sidewalks!"

Well, now is the time to act. At the Annual Town Meeting on Saturday, we are going to be asked to vote on an appropriation of \$50,000 for sidewalks. This will not answer all our needs, but it is a start.

During this past year each bus cost the town \$43 a day to operate. Multiply this by 180 days and the number of busses needed to transport all our school children and you have a very sizeable expenditure which is spent year after year with an increase due this year.

If sidewalks are constructed, the number of buses would decrease and so would the bus expenditure. With each passing year more sidewalks could be constructed, more children would be walking to school, and fewer buses would be needed.

And, on top of a rocky region where all the gravel has been excavated - this would mean trucking in gravel, which would be added expense.

Mr. Godzyk operates a trash pick up service, which costs householders \$18 a year, and it can be used as a good illustration. If the service were municipal the taxpayers would have to pay much more, for the service of having someone pick up their rubbish.

And if the town does have its own Municipal Dump, the cost will easily be double that of a private dump - say \$1 a year on the tax rate as a starter.

**Article 22**

This is \$50,000 for sidewalks. Don't let anyone cut it down. The sidewalks will be installed as directed by the Town Manager and Superintendent of Schools.

**Article 29**

Every year there are those who would cut the appropriation of \$750 for each of the Veteran's Clubhouses. The cost is negligible and the action of trying to cut the appropriation smacks of a private war.

**Article 31**

This is for sidewalks on Woburn Street. As finally hammered out, there will be sidewalks from Park Street to Sheridan Road, where there are sidewalks to Hathaway Acres. This seems to be a satisfactory solution, and Article 31 is not needed to do this, so the Selectmen will move to "pass over" the article.

**Article 41**

The Finance Committee recommends an Industrial Zone, on each side of Maple Meadow Brook, in this article. Does the town want the Maple Meadow Brook area turned into an industry?

**Article 42**

Land owned by Fred Sheehan, on West Street. The zoning line divides it in two, with the front being Industrial, and the back Residential. And the cut is not just straight across - it is on a bias, so that the land is good for nothing - neither fish nor fowl nor good red herring as the saying goes.

You can't build homes in back of an industrial lot, and you can't put in industry where the parking lot happens to be residentially zoned. The town should make the entire lot industrial or residential - one or the other. Industrial would provide a lot more taxes.

**Articles 43 and 44**

Old Friends of the Town Meeting - Apartment Housing.

Each year, for the past six or eight, the Town Meeting has been given to understand, by the Planning Board - "next year".

In last year's meeting Mr. Boylen asked the Planning Board when it would be ready with its recommendations, and the answer, by Mr. Gillis was - next June. As of this writing, nine months after last June, there still seems to be no answer.

Instead the Planning Board seems to be throwing new blocks. Just recently it questioned, for the first time, the capacity of the municipal sewer on Woburn Street. That's quite a question, for as this column recalls it, that sewer is designed to handle all of North Wilmington, in addition to Woburn Street etc.

The sewer plans cost \$29,600 in Federal money, and it seems that the installation costs were in the neighborhood of \$76,000. The question by the Planning Board implies that there

has been some mighty poor planning, but it looks more like another block being thrown in the way of Apartment Housing.

The trouble with voting on this is that the people who want to live in the apartments are being forced to live out of town, and thus cannot vote.

If the Planning Board cannot provide some definite answers, this time, the Town Manager should get himself a new Planning Board.

#### LETTERS (Fr. Pg 4)

So, to all those people who have signed petitions asking for traffic surveys, speed surveys, traffic lights, and sidewalks, I say, "Show me how much you really care."

Vote yes for Article 22 on Saturday.

## INSURANCE INSIGHTS

By Lloyd Bender

#### Insurance Inspector

What is the job of the insurance inspector?

Insurance inspectors visit large properties periodically. They make a detailed survey of the premises. They help the policyholder maintain established good practices of fire and accident prevention.

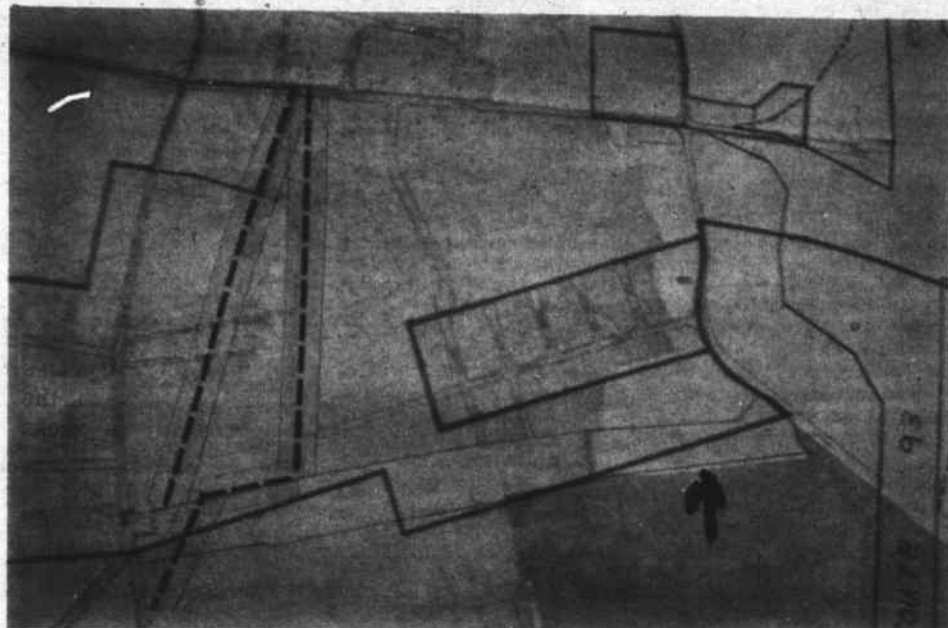

The insurance inspector is an important aid to the policyholder. He can help in cutting losses and insurance costs. Insurance cost is reduced as the likelihood of loss is reduced.

Sometimes insurance companies are invited to consult with a policyholder's architect. They may suggest ways to guard against fire and accidents.

Insurance companies have a

continuous campaign for safety. They are interested in accident and fire prevention. Many insurance companies provide safety information to schools and the general public. They encourage teaching of safe driving practices in high schools. Efforts to teach basic fire safety are supported by insurance companies.

A PLAN: Prepared by the Town Engineer, and exhibited in the Selectman's meeting Monday night, which shows some of the areas to be discussed in Saturday's Town Meeting. It will undoubtedly be on display in the Annual Town Meeting.

Route 93 is at right and Lowell Street goes across the top of the picture, with Woburn Street at left. Lucci's shopping center is the square at upper left, where Woburn Street and Lowell Street cross.

The area shown by the dashed lines is the proposed Woburn Street cut-off, which was discussed Monday night, and will probably be again discussed Saturday.

The heavy "Z" line across the bottom is a zoning line, with Industrial zone below, and Residential above. Note how it cuts across the lot on West Street (lighter area) owned by the Sheehan Brothers, and subject to the rezoning proposal under Article 42. (arrow points to lot)

Hello there...and the Sun in  
the Square is just great this  
week...Almost time for that summer  
hat?

Congratulations to all of those  
now Town representatives elected  
on Saturday...and to all of the  
others...you put up a good race  
and the attitudes were wonderful!

Hear that our own Grace Ball  
is attending the Annual Middle  
Atlantic Convocation on Local  
Church Ministries at Buck Hill  
Falls Pennsylvania this week.  
Grace is the Secretary of the  
Crescent District. 65 churches  
in the Southern New England Meth-  
odist Conference...so...hope it  
was fun Grace...and we expect  
you will be chock full of ideas  
for the Penn Dutch Do at the  
Church next month...Don't forget  
that Gals. when you are doing  
the cleaning...you're old stuff  
is someone else's new stuff...  
Save it for that auction!

John Taylor stopped in to see  
this Gal...He is Chief of Com-  
munications for the Town Civilian  
Defense...and he asks anyone over  
21 interested in the Civilian De-  
fense to report to CD Head-  
quarters at the Adams St En-  
trance to the High School, the  
second Wednesday in the month  
so that you can see what it is  
all about...Those boys are doing  
good work...and Great to see you  
out John...Now, slow down and  
take care...We need you!

This is Drama Month in Wil-  
mington...me thinks...March 18  
sees the King's Players of As-  
bury College presenting 'Every-  
man' at the Methodist Church at  
eight o'clock on that Thursday  
night...and March 26 and 27

say the young people should have  
more to do...and they are doing  
it...So, let's get out and support  
this effort...promises to be a  
lot of fun.

Peg Edmund called to tell me  
that Winchester Hospital is start-  
ing a new volunteer service for  
evening patient care from 7 to  
9:30 pm...other volunteer ser-  
vices such as book basket and co-  
ffee shop are needed. If you have  
a few hours a week to give for  
something like that...seem that  
it would be good for mothers of  
small children...call Mrs. Hol-  
linshead at the Hospital 729-  
1900, or Peg Edmund at 658-  
9553 for further information.

Miss those big horns lately.  
You, Kool Kats, are due at the  
Coffe House at the Methodist  
Church from 8 to 11 on Saturday  
night, the 13th, for fifty cents  
admission. This is sponsored  
by the Sr MYF, and the pro-  
ceeds will go to help pay for the  
repairs of a car of the adult ad-  
visors, which car did die on a  
weekend trip that the advisors  
took while sponsoring the group  
on that trip...So, there, you are  
you Characters...go down and  
have fun while you help that  
gang do their thing.

Dapper Harold McKelvey is  
back in for his visit to the  
New England Memorial Hospi-  
tal we understand and ensconced  
in a private room...and what we  
glean from the conversation that  
he doesn't mind this at all on  
account of those Nurses...Wow  
Harold...and just where on the  
list does that put this Gal's invite?

And, this is really something  
during election we understand,  
a comment was heard in the  
parking space that this Chick  
needs to straighten out...One  
of the candidates that had with-  
drawn was heard to comment...  
'It's all in the bag, anyway...  
Pearl Hersom is Nancy Clark's  
daughter...Isnaughter, isn't she?  
we don't know whether that's a  
compliment to this one or to  
Pearlsie Babes...or both...but  
anyway, we thank him...However  
that cute blond one is a Grandma  
and this one is a Grandma twice  
with No 3 coming up...and she'd  
have to have started awfully  
early in her life to have had  
that one for a daughter...anyway  
we have a great time...and thanks  
to that fella for the compliments!

The Wilmington High Travel  
Club is presenting 'Sammy the  
Way Out Seal' on Sunday Mar  
14th in the Auditorium...Admission  
is fifty cents for the kids with  
showing at one and three pm  
in the High School Auditorium.  
Proceeds for the Club's expen-  
ses...and we're glad to see them  
do something for the younger  
kids...and speaking of the Travel  
Club, the gals there can bake...  
That cake we brought home for  
the Clan from the election day  
sale of the Club was yummy...

Bits and I had a sliver, which  
helped make us back out on our  
Skinny Club commitments this  
last week, but now we're back  
in that old groove again...and  
it's the longest sixteen weeks  
we've ever seen...on that fish  
and broccoli diet...but, they  
tell us that we'll be shadows  
of our former selves by Spring  
...and this Gal doesn't believe  
that tale until it's proven!

Austin Prep is holding the  
Russian Choir Concert on March  
21st at 8 pm in the Auditorium  
The Choir will present a con-  
cert of Russian Sacred and  
Folk Music at the admission  
of 1/2 \$1.00. For further infor-  
mation, call Mr McCarthy at 944-4900.

Sopex 71 will open at one on  
Saturday and continue through  
Sunday at 6 pm...This is an  
exhibit by the Samuel Osgood  
Stamp Club and there will be  
door prizes of Philatelic material  
to be awarded. This is at the  
Greater Lawrence Regional Vo-  
cational High School, located on  
River Road off Rt 93 in Andover.

Mrs Bernard McDonough of  
Miller Road and Mrs Stanley  
McCausland of Main St Tewks-  
bury have returned from a car-  
ibbean cruise to St Thomas  
and Antigua in the West Indies  
and wow, am I jealous...Con-  
gratulations, Gals...Hope the sun  
was good and the fun also.

Mrs. Madelyn McKie is now  
serving on the newly organized  
Board of Directors of Health  
Planning Council for Greater  
Boston, Inc. Organized as a  
private non-profit corporation,  
Health Planning Council of  
Greater Boston, Inc., has been  
serving 63 cities and towns in  
Metropolitan Boston Area since  
June as the areawide comprehen-  
sive health planning agency...  
and we certainly know that Made-  
lyn will do well helping them  
with this...Congratulations to  
Madelyn!!

Now, to the young lady that  
doesn't like to hear about the  
Clan...you can stop here...cause  
you see, many of the folk do...  
Everything is status quo for  
the moment...but next week that  
No 3 returns from Kentucky...  
then things will swing again...  
and we are in the midst of  
wedding plans for No 2 Son...  
and working on that Grandbaby  
today...so the Pot is starting to  
Bubble...and will let you know  
about the Full Boil next week...  
Just as long as it doesn't boil  
over.

Had the opportunity of talking  
with Dr. Strudler, the Director  
of the Share-Project this week...  
and the ideas that came from  
that fella for education are  
really something tremendous...and  
we'll work on that...cause Bar-  
bara Hooper, Pat Gagnon, and  
Paul Bodenstein were all present  
as well as Les White...Hope  
we can get an audience with  
the School Committee and Drs  
Stewart and Allen for a presen-  
tation of those ideas and some  
evaluation...

Now, provided that Pot doesn't  
boil over...we'll see you all next  
week...meanwhile...  
Love ya!

## See You in Court!

The best show in town, last Thursday, was the hearing before the Planning Board for acceptance of a plan of land known as Maple Manor, off Federal Street.

Eugene Tougas of Waltham, one of the state's outstanding attorneys on matters of jurisprudence concerning land and development, was appearing for the owners, the Angeline Brothers. The brothers had submitted plans which completely delineated the proposed subdivision, and were turned down. Tougas eliminated that, by submitting plans for a subdivision with only two lots, and the proposed road.

It was a novel approach, and Tougas is a master showman, among other things. Unfortunately there were only the Planning Board, six abutters, and a couple of engineers present to hear and watch him - and the Planning Board took a very dim view of things.

GENE TOUGAS AND ENGINEER: Erich Nitzsche of North Reading. In the background are some of the Federal Street residents who are interested in the outcome.

Listing over 15 objections, the Planning Board turned down the plans in a special meeting at the Mildred Rogers School.

The plans, which show two large lots, were brought before the board in January by Tougas. These two lots, if the plan was approved, can then be further subdivided without meeting Planning Board approval.

The Planning Board had to have its decision made and in the Town Clerk's hands by Friday of the plan would be approved without their signature. There had been two unsuccessful attempts at a public hearing in January. Tougas was not notified of the first hearing, and refused to participate in the second because he was improperly notified.

During the two brief attempts at a hearing it was brought to the Board's attention that there might be an error in the street rounding of Larry Lane. James and Catherine McFadyen told the Board that, according to their deed, they owned the land used in the rounding.

Tougas appeared before the Board with his plans intact.

Thursday afternoon on the McFadyens exchanged the right to a street rounding for more land in the rear of the lot. The McFadyens felt that since their possession of the rounding was based on a misunderstanding, they were obliged to sign it over.

Tougas had another surprise for the Board, a letter from the Board of Health recommending approval.

It was dated March 3rd and cancelled an earlier letter the Board had recommending disapproval.

Feelings ran high in the first half of the meeting. Danny Gillis reminded Tougas that he had told the Town there was no need for conservancy zoning, that the subdivision regulations were enough to protect the wetlands. Now Tougas was attempting to circumvent these very controls. Danny told Tougas he was tired of lawyers bending the law to a particular purpose with no due regard for the public interest.

The last of the Planning Board members to speak was Mort Grant this after about fifty minutes of discussion with other members. Mr. Grant had a number of comments and questions, and assured those who heard him that he had discussed them with Wilmington's Town Council.

When Gene Tougas asked Grant to "kindly continue with the Nit Picking" Gillis blew up - in a gentlemanly way. He warned Tougas to "behave in a proper manner", or he would see to it that the hearing was closed.

Later in the evening Gillis asked that all emotionalism on his part and on the part of Mr. Tougas be stricken from the record.

Tougas, at the end of the hearing, told the Wilmington Planning Board that their rules and regulations were outdated. When the case is over, he said, he would be glad to sit down with the board and help them to revise their regulations.

Mort Grant felt that this was like "a lion offering to point out things to a mours."

As Tougas left the room, after the decision to disapprove had been voted his last words were, "See You in Court".

## The Story of Solid State Technology

THEY DREAMED IT UP OVER A COFFEE: Left to right, John Willis, John DeGiorgio, Robert Santoro and John Biondo. The roadside alarm is to be seen between Biondo and Santoro.

Up on Upton Drive, just north of Route 125, is a new 10,000 square foot building that houses a firm with the very latest alarm systems. The name over the door is misleading - Solid State Technology, Inc. It is a company that bids to do well, in this modern age.

The firm consists of four men, with about eight employees. In a week or two they will be hiring another dozen.

Solid State Technology makes a Roadside Alarm, for Fire, Police, Ambulance or Garage help purposes. It is battery-less, and wire-less. It is rugged, and consists, basically, of four buttons, a lever-arm, and a radio. The radio communicates with a console, in a nearby police station.

That's all there is to it. The wayfarer, in need of help, pulls down a lever, punches the appropriate button (police, fire or ambulance, or garage) and then lets the lever return to its normal position. As the lever returns a radio signal is generated, and at a police station as far as twenty-five miles away a signal comes in, and the policeman on duty sees a number, much in the same manner as a shopper sees the total on a cash register.

That number, with appropriate coding, tells where the trouble is, and what kind of help is needed. It takes less than two seconds for the entire operation.

John Biondo, Robert Santoro, John DeGiorgio and John Willis are the four men of Solid State Technology. They thought up the

put in 200, instead of the present alarm system in Woburn.

The Town of Burlington is considering installation of the new system, and the Federal Highway Administration is considering a proposal that a pilot program for the Federal Government be installed along Route 495. The program would cost \$100,000, and would have the boxes on both sides of 495 between Chelmsford and Westford, at half mile intervals. The proposal is to have the receiving console at the State Police barracks in Concord.

So far Woburn has spent \$25,000 - and not one cent on maintenance, and enquiries are coming in from as far away as Anchorage, Alaska, and a city in Brazil.

Biondo is considering the construction of a 30,000 square foot building - in, perhaps, Andover.

## Birth

ROBBINS: John J., 3rd., first child to Mr. and Mrs. John J. Robbins, Jr. of 28 Parker St., on February 20th at St. John's Hospital.

Great grandparents are Mrs. Mary Murray of Deming Way and Mrs. Edith Robbins of Parker Street.

idea during a coffee break, about two years ago, and they are just about to go into full scale production.

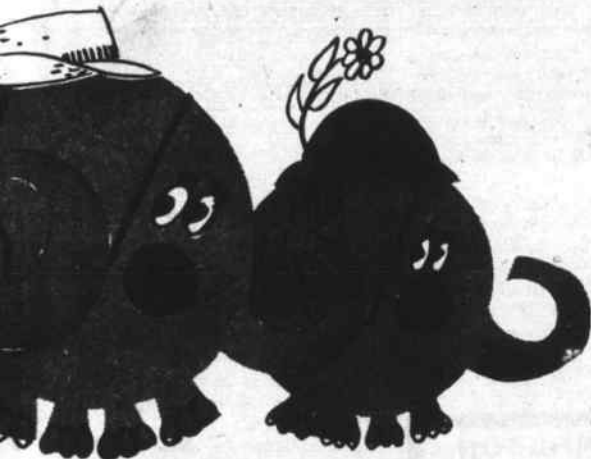

The cost to a municipality is far below that of an ordinary fire alarm system. There are no wires for vandals to destroy - and so far there have been no maintenance costs. The Box is ruggedly constructed.

Last July the City of Woburn decided to try one dozen. Mayor Gill and Chief Tom McGuire made the decision. McGuire is enthusiastic. Now he wants to

### LOUIS H. NICHOLS WAS GROCERY DELIVERY MAN

The man who delivered the groceries is dead. Louis H. Nichols, a resident of Wilmington for over 50 years, and for many years the Order and Delivery Man for the Buck Brothers grocery store in North Wilmington passed away on March 6th at St. Johns Hospital in Lowell. He was 88 years old.

In the 1920s and 30s Mr. Nichols was a familiar figure on the streets of Wilmington, driving the Buck Brothers horse and wagon, as he delivered groceries. In the winter time he used a horse and pung. He had schedules which covered all of Wilmington, and was very popular with the children of the town.

A native of Reading, he was a descendant of the old Pearson family of Wilmington, and lived at 136 Middlesex Avenue for many years. In later years he worked as the Custodian of the Swain School.

Mr. Nichols is survived by his wife Inez (Holden) Nichols, three daughters, Mrs. Louise Balser and Mrs. Elizabeth Rice of Wilmington and Mrs. Helen J. Moore of North Berwick, Maine; and a son, Richard H. Rosson of Burlington. There are 19 grandchildren and 29 great grandchildren.

Anemia is a fairly common disease. Perhaps that is why the red blood count is possibly the most common diagnostic blood test. A droplet of diluted blood is placed on a microscope slide, and the cells within a designated area are counted. If the number is below the average, chances are the person is anemic.

What causes anemia? Diet, injury, poisons, illnesses, acute and heavy losses of blood - these are just a few. Still another anemia is due to a lack of iron in the blood stream.

All types of this disease amount to the same thing however. The blood is not capable of carrying enough oxygen. The body does not breathe as it should. Then that little sample of blood turns out to be extremely important to keep your cells from suffocating!

Adult Division****Closes Season**

The adult division of the Recreation Town League concluded its season with a make-up game of an earlier postponement last night involving DeLoury and Sweetheart.

In last week's twin bill, the league winners, Ernie's Gas, topped Sweetheart, 73-72 behind the 35 point outburst of Dan Ballou. Don Bailey chipped in with 18 and Keith Arnold had 10 for the winners. Steve Enos led Sweetheart with 18 points, followed by Irwin Patterson with 16 and Ed Doherty and John Bevilacqua, 15 apiece.

DeLoury belted Newhouse, 73-61 in the other contest. The win proved costly to Newhouse as they lost the services of their top scorer and rebounder, Steve Donahue with a sprained ankle. Don Miller netted 16 for DeLoury in its first win ever over Dave Newhouse's five. While Jeff Sheerin tossed in 11 and Ken Gustus and Bob Milley 10 each for the winners. Paco Leverone led Newhouse with 20 and Billy Ritchie chipped in with 14.

**Boy's All-Star Teams  
Named**

The all-star selections, as chosen by the players, were announced yesterday by league Director, Howard Lafaver. Carl Butler, MVP, led the juniors while Dave McLain, MVP, topped the senior selections.

The junior squad includes: Dan Burns, Dave Maloney, Scott Gordon, Jim Tucker and Bob Dorval.

Members of the senior squad are: McLain, Mark Nelson, Dave McLain, Roger Poirier, Tom Southmayd, Tony Butler, Cliff Clark, Ray Noel, Gary Smith, Steve Daniel and Bob Carbone.

**BOOTS AND BLADES**

Most figure skating consists of curves, or as they are technically called, **Edges**. The following exercise will help to prepare you for learning curves on one foot at a later time.

Extend your arms to the sides palms down at about waist level, get up a little speed forward and bring your feet as close together as possible, going into a two foot forward glide. Try leaning to the left and you will discover that you will curve to the left. Still leaning to the left, change the position of your arms so the right arm is forward and the left one is behind.

You are now in the correct position for a two foot glide on a circle. Your left blade should be on an outside edge and your right blade should be on an inside edge. Now try the same exercise to the right by leaning to the right with left arm forward and right arm behind. Your right foot will be on an outside edge and your left on an inside edge. With a little practice you should be able to make curves that are part of a circle having a diameter of about three times your height. The circles provided on a hockey rink are ideal to use for a guide line.

You're on your way to becoming a figure skater !!

The purpose of this meeting is to allow the young people to ex-

plore with the Recreation Committee, the reasons for the shortcomings in the Wesley House activities. Zucker will also ask for an evaluation of the recreation program and hopes that plans can be made for recreational activities for the spring and summer months.

## Tighe Selected Outstanding MV Player of Year

Senior goalie Dana Tighe, the Wildcats outstanding netminder, was picked by hockey league coaches as the outstanding player in league play this season. The announcement of Tighe's selection along with other awards were made by league commissioner, Larry Cushing between periods of last Saturday's playoff games at the Forum.

**SENIOR GOALIE:** Dana Tighe has been selected as the MVC Hockey's most outstanding player for the 1970-71 season.

His fine play backboned the Wildcats to their 2nd League title.

Senior co-captains Mike Esposito and Jim Irwin along with Tighe were selected as all-stars. Esposito, defense, and Tighe were named to the first team, while left winger Irwin was picked on the second team. The league championship trophy was presented to Coach Fessenden.

The varsity concluded its season with an exciting 3-2 win over arch rival Burlington in the consolation game on Saturday, while Billerica edged Chelmsford in overtime, 3-2.

Senior center, Steve Catalano's goal with one second remaining in the game provided the Wildcats with their margin of victory. The varsity moved out to an early 1-0 lead on John Trickett's goal at 2:41 of the first period. Trickett picked up a rebound after O'Neil stopped Snooky Lynch's drive from the right corner and flipped home a short backhand. Junior defenseman Steve Neal picked up the other assist.

The Red Devils knotted the score some five minutes later, at 7:52, on a fine effort by Pete McCafferty who was sent in alone and successfully beat Tighe with a drive over Dana's right shoulder.

The Wildcats moved ahead on a power play score at 5:01 of the middle frame. Snooky Lynch made an excellent feed out from the right of the Burlington goal to Trickett, who directed the pass into the open side of the net for a 2-1 lead. Twenty-nine seconds later Yeagan beat Bob Zwalen, playing in the Wildcat goal for the second period, from 15 feet and the score was deadlocked again.

Zwalen made two excellent stops in preserving the tie as he blocked a breakaway by Cesare midway in the stanza and later in the period picked off an apparent score by Yeagan from 10 feet out.

The Wildcats successfully killed off three penalties in the third period as Tighe robbed McCafferty early in the stanza with the Wildcats down two men. This set the stage for Catalano's heroics. In his last rush as a Wildcat Steve received an excellent pass from Dave Irwin and busted in off right wing and let go with a 20 foot wrist shot which beat O'Neil between his left leg and the goal post for the winning goal.

In E. Mass. tourney play last Thursday the Wildcats fell to a strong Catholic Memorial Club, 8-2. The score is not indicative

of the game the varsity played. For the first six minutes of play the Wildcats carried the play to Memorial only to be stymied by their defense. Three goals within a three minute span put Memorial out front late in the period and a first period lead of 3-0.

Memorial scored an early second period goal to increase their lead to 4-0. The Wildcats did not succumb as they came back on a fine effort by Esposito at 1:34 to close the gap to 4-1. Esposito took an excellent pass from Catalano and broke in unmolested and fired a 25 footer by the Memorial goalie and the Wildcats had their first tourney goal ever. Memorial came back at 5:22 to make it 5-1.

The Wildcats scored their second goal at 6:30 as Esposito fired home a short ten-footer from the right side with Dave Kindred picking up the lone assist. Memorial pushed home three goals in the final frame to provide the margin of victory.

Coach Fessenden's sextet played well in their second tourney appearance, despite being out shot, 27-23, considering the fact that Memorial on its next appearance knocked off number one seeded Malden Catholic. The club loses seven seniors, Esposito, Lynch, Tighe, Dave and Jim Irwin, Walden and Catalano, but there are some promising junior varsity and bantam players coming along so the 71-72 will probably be a "seasoning" year.

## Nobody Blink

It might have happened in Kansas, or some other state where land is supposed to be limitless. But it happened in Wilmington, Tuesday evening, at the Planning Board.

Representatives of the Crocker Industries were at the board meeting. For nearly a year the company has been trying to get approval of an industrial subdivision in North Wilmington.

A member of the Planning Board said that they should not come to the Planning Board "with a crooked piece of land" and expect approval - but that they should instead go out and buy some more land!!

The statement was made to Joseph F. Courtney, attorney, who represents the owner of the 88 acre tract, zoned for industry.

When the statement was made nobody blinked. Not even Courtney. He just smiled.
